That sounds good. My BMP class was postponed until next week, so I'll start work on the RnB RFP tomorrow. I liked how DRMS wrote the Penn Mine and will follow a lot of that.

Subject: GK - H & W plan Review

Matt,

After looking over the revised plan that they submitted, I find that I have many more questions and there are some details that need to be spelled out on sequence and how we handle water relative to blockage removal, etc.

So, I will likely have to get these to you tomorrow or next week. Let's propose a meeting date after I get this to you.

Steve
